**DARKA GROUP IS YOUR
SHIPPING & TRADING GATEWAY
TO AFRICA & MIDDLE EAST**

OUR FOUNDER'S MESSAGE

Alaeldin Mohamed Osman (Late)

Alaeldin Mohamed Osman (Late) was an ex-marine engineer founded the Group as a small trading house in **1983**, and with Darka team we brought it to an international brand.

Darka Group was founded on the basis of sheer business passion. From the very start, we embedded a culture of excellence in the business. It is this approach that has not only seen us through the most difficult of times & allowed us to excel during economic growth.

Our journey from a humble freight forwarding company to a turn-key shipping logistics solution provider stands **today a prominent world class regional leader in air cargo, land transport, distribution, stevedoring, event logistics & warehousing** has been with its fair share of trials and tribulations yet we stand tall today due to the relentless dedication of our team & their everlasting passion to deliver a smile to every client.

Darka Group has been established on the premise of hard work. We have progressed this far by believing in our values and never shying away from putting in the extra effort needed to excel. **Our values: Excellence, Transparency, Compassion, Speed, Empowerment & Discipline** are inculcated in every step of our journey with our invaluable clients.

We want our clients to experience first-hand our premium solutions—and to reap the full benefits of working with a company where innovation, dedication, persistence & perseverance are day-to-day realities.

CURRENT CEO'S MESSAGE (SINCE 2020)

Mr. Mohamed A.M. Osman

At **DARKA**, leadership has always been anchored in vision, resilience, and a deep commitment to our partners. As we enter a new era, I am privileged to uphold the legacy of my father while infusing fresh energy, innovation, and accountability into every facet of our operations.

This transition is more than continuity; it is renewal. With a new generation guiding DARKA, we are dedicated to strengthening global partnerships, modernizing our systems, and ensuring that every client experiences unmatched excellence in logistics and supply chain solutions.

Our pledge remains steadfast: to deliver with integrity, precision, and care. Yet our approach is evolving—driven by youthful determination, digital transformation, and a profound respect for the trust you place in us.

Together, we will shape the next chapter of DARKA's journey, building on strong foundations while embracing the opportunities of tomorrow.

White Nile Sugar Project in Abu Hibera (Central Sudan)

Sudan project forwarding specialists, Darka for Trading and Services have successfully transported 4100CBM of heavy cargo over 1100 kilometres from Port Sudan to Central Sudan. The project included offloading from the vessel, customs clearance, warehouse handling, loading, lashing, securing and transportation to the site on behalf of Hindustan (and their clients Uttam) to Project owner White Nile Sugar Company.

The heavy and oversize cargo included a terminal box, generator (65 tons) and condenser (66 tons) and 16 meters long metal structures all manufactured in India and shipped to Port Sudan from Mumbai By Hindustan Cargo Ltd. Darka Vice Chairman and Business Development Manager, Mohamed A.M. Osman, said the project was completed while working in very difficult conditions including extreme temperatures of around 50 degrees Celsius while co-ordinating a fleet of multi-axle trucks and trailers.

Much of the project was completed within the holy month of Ramadan and required detailed planning and route surveys to meet the needs of not only the client but the fasting workforce, Mr. Osman said. Darka Successfully Deliver Mobile Crane to Bisha Mining Eritrea

In an extremely difficult logistical exercise, Darka For Trading Services Co., Ltd., successfully delivered an 82 tonne mobile crane from Port Sudan to the Bisha Gold Mine in neighbouring Eritrea. This essential piece of equipment was urgently required by the client and was the first of its kind to be arranged through a Sudanese port using the cross-border transport link with Eritrea.

Total route length was 800 km of which the last 130 km was un-tarmacked road. Bull Dozers and Front Wheel Loaders were used to repair and settle the road as the convoy went through. The Ethiopian terrain varied from rocky highlands to soft desert plains, all of which were equally unpredictable. But thanks to meticulous planning, preparation and skill the convoy arrived at its destination in five days. Darka has once again proved to be a reliable contractor and successfully concluded this urgently needed delivery through hostile and unpredictable terrain. November 2009.

TESTIMONIALS

Rafik Isahakyan

MD of Alshams Amutahida Mining

We have cooperated with Darka logistics in multiple capacities. The extensive knowledge of logistics business makes Darka a truly valuable partner in handling our demanding business needs, which include logistics management, warehousing, and many other aspects of customs related activity.

Darka consists of a reliable and dedicated leadership team and operational staff, who has an emphasized customer-centric approach.

Hence, we would highly recommend Darka as a competent partner for all logistics and trade related services.

Martyn Lawns

Global Head of Business Development
DHL Industrial Projects, DHL Global Forwarding

We have been working with the Damfo team for a number of years and DHL Industrial Projects have developed a unique partnership, allowing us to draw upon their extensive knowledge in the East Africa region to develop new and innovative solutions for our customers.

With their responsiveness, understanding of the local conditions their dedication and professionalism, Darka and DHL have been a winning combination. We look forward to many more years of fruitful cooperation.

Clevin Correya

MD & Owner Octagon Freight Solutions LLC

Darka is one of the most professional, honest and knowledgeable partners we have ever worked with on the African Continent. We would and have on many occasions happily recommended their services in the region.

Wael Fuchs

MD Pro Services Co.

Our company is specialized in logistical trouble-shooting, very often we are called for jobs which demand the extra-mile. In Darka we find exactly the spirit, the reliability and the professionalism you need for that extra-mile. The words "impossible" or "difficult" seem to be foreign language to them, the high quality in day-to-day operations comes from dedicated and well-experienced leadership by the management!

To us Darka is not just an agent or a partner, we are close friends doing business with each other and confiding in each other's services and word. We already have several times and will continue to recommend their services to customers and forwarding agents at any time.

Andre Harboe

Cph ZX-ER, Kuehne + Nagel A/S

Darka is a company KN CPH have dealt with for over 14 years. The level of service is professional and beyond other agents we worked with in Sudan. Darka did not only handle customs clearance, and delivery to several places but did also Give valuable services to our clients at destination, enabling to cut costs and transit time.

The job is done with minimum fuss and we would have no hesitation in recommending them to any other company." Darka are like family, you feel safe in their hands.

Viktor Fuchs & Helmut Gross

Owners of Gross-Fuchs Networks

Darka is a member of three of our networks since more than a decade now. Their reputation in the network is excellent, not only in terms of their professionalism and reliability but Darka simply provides a friendliness and hospitality which is compared to none. They are fully matching our vision of "the perfect forwarding agent" We are grateful for the last 10 years of cooperation and are looking forward to many more decades to come!
